This Engineer's Day,
let's ask

Bala V
Chief Architect

What invaluable pearls of wisdom would you impart to our future engineers, guiding them toward success and innovation in the world of engineering?

Be a sponge

Take advantage of your coworkers' experience and learn as much as you can from them. Don't be afraid to ask questions and seek feedback. Recognize that feedback is essential to growth and development.

wishes you all

Happy Engineer's Day

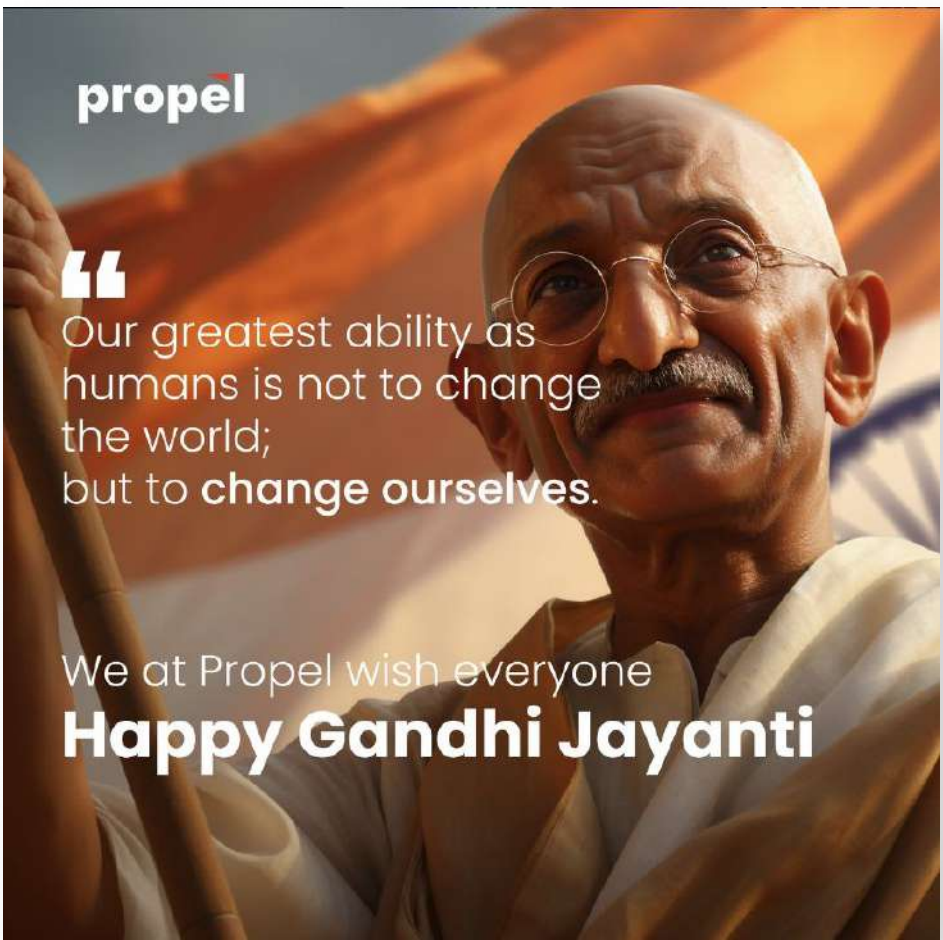

To all the incredible men out there,
Thank you for being a positive influence in the world and for inspiring us to be better each day.

Happy International Men's Day

“
Our greatest ability as humans is not to change the world;
but to **change ourselves.**”

We at Propel wish everyone
